Music with Amy

*Healthy Snacks by
Rhianna Cenci*

Arts & Crafts by Sherry Harding

Music with Amy is an early childhood music and movement program. If your kids love to sing, dance, being silly, jam on instruments and have fun...this is the class for them.

Children need snacks to keep their busy bodies and minds going. Rhianna will present options for children to consume healthy foods and get all the vital nutrients for growth and learning!

Does your little one love to be creative with drawing and crafts? This program fosters those creative abilities with oodles of fun and simple art projects. Kids love enjoying and showing off their "masterpieces" at home.
